

A GENTLEMAN TURNED UP AT THE POLICE COURT THE OTHER DAY AND BEGGED TO BE SENT TO JAIL FOR LIFE. OUR GUESS IS THAT HE'S MARRIED.

An Englishman turned up the other day. The Syrian trouble was enough to make one's blood run cold. Just the thing for summer reading.

Charged with the theft of \$8,25, a prisoner told Judge Morrison that his dishonesty was due to booze. Seems like his drinking would be some one else's responsibility.

"Alma McPherson Says Roadhouse Story Ridiculous" according to a headline. Any roadhouse stories we ever heard were that.

A New York paper says: "For the second time in two weeks, a girl who has found a pocket book has found a husband." Seems to be in a good way for being pinched for bigamy.

Newspapers can always depend on the Prince of Wales for two good stories—one that he's about to be betrothed, and the other that he isn't.

Thaddeus Wronski, a music teachers' convention, urges a ban on all music. What's Wronski about that?

According to a valued contemporary, "The custom of the banana is for Public Relations." Mr. Lorne is a Progressive member for Camrose who has been a long time in the form and voted with a high majority.

What Price Bananas?

"BANANAS ARE IN JAMAICA THIS YEAR FOR AS LOW AS 64 CENTS A BUNCH!" But WHO wants to go to JAMAICA with a bunch of bananas?

We read that there is a strong movement in Canada to ban the use of bananas. Seems like putting the cart before the horse.

WONDERFUL!—If Dempsey's parents had a bunch when they named him "Jack"!

NOW YOU TELL ONE From a news wire: "When a woman was stung by a wasp in Easbourne, England, her blouse blew like a balloon and she floated away. Those little toy balloons wouldn't float a ton."

GO-DING IT! From a rural paper: "Infernial peace has been re-established in Spain."

WORK IS CAUSE OF COUSIN'S DEATH A headline that always had us wondering what that stuff was dangerous.

Some Prophet?

Headline in an eastern paper: "PROPHET EASTER: He Higher Mind Wins."

A French water says anybody can imitate the tricks of Hindu fakirs, but it takes a Hindu to stick his fingers through their cheeks. Anybody can do it.

We read that George Bernard Shaw refuses to make himself ridiculous. Better late than never.

A NEW ENCYCLOPEDIA The North Pole. Nature, seem to me. Since the last time. In the frozen Arctic Sea. For the beam to climb. Not to fall.

Flying in gas bags. "Look, the sun, the tides, the Banners to the West. Spread me red, red wings. What a day to be born!"

Only thing that I've heard tell: My, my, my, my, my, my.

So, if you're an Arctic flier, and you're a flier, you're a flier. Mercury's descent to watch, come to Edmonton.

Why, you can't suffer hardship, seeking winter's breath? Meet him here, and then in comfort you can't die to death.

Almanac

(Copyright)

Saturday, July 1.—First appearance of the spotted hawk. Kit Whitney invents cotton-gin.

"An Omer says, our path's base 'With pith and with girth.' And though days like these, it's hard to hold our robes."

Keep from falling. —A Pneumonia.

DAILY HOROSCOPE: Luck flower for green growers: roses today is cauliflower. Window flower: lily. Luck number: 12. Bright outlook: If this is your birthday year, you probably be as bright as the sun.

HOROSCOPES: HINTS: Going barefoot in muddy weather times and expenses of a rainy day. Luck flower: mahogany stain improves the appearance of your face. And though days like these, it's hard to hold our robes.

Degree work in the Orange Hall.

Five Edmonton Girls Win Robb First Aid Trophy

Mrs. Bourque of Edmonton In Champion Form at Coast

CHAMPIONSHIP FOR FIRST AID WORK DECIDED

Edmonton's C.N.R. Team Proves Best in All Dominion

WESTERN REGION CUP ALSO WON

Miss Eva McArthur, Now Mrs. Fanjoy, Leads to Double Victory

The W. D. Robb trophy, emblematic of the first aid championship of the Canadian National Railways for all Canada, has been won by a team of five local girls captained by Miss Eva McArthur (now Mrs. W. Fanjoy).

Miss McArthur, Theresa Carpenter, Merle McCallum, Eleanor Joyner and Dorothy Booth composed the team which won the Western Region Cup in competition with teams from Vancouver on the one hand and the Atlantic on the other.

The trophy was presented for the local C.N.R. team and Mr. W. Bird, manager.

Miss McArthur, Theresa Carpenter, Merle McCallum, Eleanor Joyner and Dorothy Booth composed the team which won the Western Region Cup in competition with teams from Vancouver on the one hand and the Atlantic on the other.

The trophy is competed for by teams throughout Canada. The team girls also were runners up last year.

ZURCH FAMILY PLIGHT STIRS EDMONTONIANS

Help the Fair Help Edmonton!

NO ONE who makes a living in Edmonton can afford to be indifferent to the success or failure of the Edmonton fair. Still less can its importance be ignored by any one who hopes to make something more than a living.

The fair is one of the agencies by which close business and social contact is made and kept between the city and the country upon which the city depends.

The thousands of outsiders who flock into Edmonton at fair time do not come only to see the exhibits and enjoy the attractions at the fair grounds.

They come also to trade, to establish trading relationships, and to renew acquaintance with city friends.

The money the visitors pay for admission to the fair grounds is less than the money they leave with city merchants, hotels, rooming houses and restaurants. And the money they thus leave while making the visit may be less important than the trade that follows because of business connections made during the visit.

In one way or another everyone who makes a livelihood in Edmonton lives on the trade that Edmonton does with people and points outside. Destroy that trade, and Edmonton would dwindle to a deserted village. Increase the trade, and the opportunities for making a living are bettered for every resident of the city.

The chain of self-interest is complete between the individual and the fair. When he helps the fair he helps himself.

10 ACCIDENTS ARE REPORTED

Tent, Blankets, Cash Donated, But Much More Is Required

Traffic Troubles Show Increase on Friday—None Serious

Following a week of record accidents the total again grew Friday when 10 more were reported to the police. All were of a minor nature.

On 12th Street, at 12th and C. Street, a car and a truck, 12th and 11th, and 11th and 12th, were involved in a head-on collision.

Driving east on 14th Avenue at 11th Street, a car and a truck struck Alfred Price, 11410 107th Street, and he died.

The rider was damaged but the rider had had a good fall.

Driving east on 14th Avenue, a Superintendent Thomas Magee, of the relief office, was hit by a car and a truck.

He was taken to a hospital and died.

That wasn't bad for a car.

FINE WEATHER AIDS SPORTS AT BON ACCORD

Dominion Day Is Most Successful in Town's History

BON ACCORD, July 3.—Perfect weather was a great factor in making the annual picnic of the Bon Accord Board of Trade a success. In addition to an afternoon of games several picnics in nearby towns there was a baseball game.

Baseball was the chief attraction. There was a game between the two towns in the afternoon, the afternoons which proved to be a walk away for the men. The Hill and Gibbons clashed in a very tight game. In the third inning the Hill and Gibbons with four runs and added another three in the fifth, while the men had only three scattered runs. However, in their half of the fifth, Gibbons scored three runs to take the game, to the great satisfaction of the spectators.

The boys had a great business and about four hundred people were in attendance. The games were the joint efforts of the Board of Trade, the W.L.A. and the W.C.A.

The Bon Accord ladies and the Sunnyside ladies had a great time. The girls in the afternoon for a time as Sunnyside was going to win out, as they had won the first and the second period, but Bon Accord came back in the third, and the girls won the game, the full list of running races for the children.

Cookouts returned on Tuesday from Vancouver where he finished his vacation. The men were attending a local convention.

Mr. and Mrs. W. W. Armstrong were for Kitchener where the family will make their home in the future.

Yesterdays were the annual meetings of the United Church have been held. The United Church has been in existence for 20 years and Excelton on Tuesday night over 600 people attended the meeting. The report which the results of the circuit for the year, the total amount of \$10,000. The circuit raised \$400, more than last year for the purpose.

The next event of the season for the district will be the annual picnic of the United Church held at the annual picnic, Thursday, July 22.

FROG LAKE RECEIVES TEN HOURS' RAINFALL

FROG LAKE, July 3.—The weather was very hot on Friday, July 2, there was a 10-hour rainfall which has made the crops green again.

The Frog Lake baseball team went to Onion Lake to play the Foxes on Friday, July 3, and won the game 10-1. A picnics were also held there and the weather was fine.

The government trust is to be paid on the 10th and each Indian the reserve is to receive \$5.00. A picnic will be held on the 10th.

Mr. and Mrs. W. W. Armstrong left for the United States on June 23. Messrs. Alberta and Eastern Curtis have returned from Marquette.

EXTREME HEAT DURING SPORTS

Multitude of Motor Cars and Good Nature at Halkirk

HALKIRK, July 3.—Extreme heat, a multitude of motor cars and general good nature were features of the annual Dominion Day picnic on Monday, July 5. The baseball diamond was the scene of the games in the afternoon. In the Elimination series Halkirk beat Forestburg in the first round, and Halkirk beat and Halkirk in the latter round.

In the girls basketball competition with Galahad, Halkirk, Castor and Waskesiu, Halkirk and Forestburg won in the final game with Halkirk.

Claude O'Reeats won the pony race on the circular track; and Dad Riggs' band provided music for the municipal bandstand.

Halkirk band provided music for the municipal bandstand, and Halkirk a very successful annual event.

MANY TOURISTS ARE ATTRACTED TO RESORT

SYLVAN LAKE, July 3.—This resort town is a favorite resort of tourists this season. The cottages in the camp ground. Accommodation is to be had there and the weather has been ideal. Thursday afternoon came a very heavy downpour.

Mr. Poffly, who recently resigned as manager of the hotel at Sylvan Lake, has been engaged by the local hotel at Edmonton for a few weeks engaged in the examination of the hotel.

On Tuesday evening, Mr. Bickie of Calgary, Mr. Burke of the local office of the C.P.R. office in Sylvan Lake, and Mr. L. M. McLean are assisting at the local station during the season.

It Starts on Monday with a Complete Program of Surpassing Interest

Every Moment Full of Breathless Surprises and Unparalleled Enjoyment

Edmonton's Greatest Exhibition and Historical Pageant

See the C. N. R. Trail-Blazing Engine Enter
the Grounds on Monday Afternoon

No. 108, the first engine to arrive at the Edmonton depot over the C.N.R. Transcontinental Railway, will enter the Exhibition Grounds at 5.30 on Monday afternoon under its own power, over a skeleton track. Elaborate reception ceremony. Don't miss this inspiring link with the early days of Edmonton's development.

First Production of Beautiful Historical Pageant Monday Evening

Under the direction of the John B. Rogers Producing Co., this wonderful feature at the fair will delight the thousands of visitors who will be present on Monday. Six hundred specially-trained performers, with a supporting chorus of 200 voices, in a magnificent reproduction of the history of the city and west. It will be one of the grandest spectacles ever witnessed in the city.

Don't Delay Your Visit Until Later in the Week--Monday's Program Will Repay You Ten-Fold with Its Wonderful Enjoyment

Monday's Program in Front of Grand Stand

At 2 P.M.

Horse Races.
H. M. Coldstream Guards Band.
Boganny Troupe—Eccentric Acrobats from London
Music Halls.
Australian Waites—Whip and boomerang artists.
Lime Trio—Unique comedy acrobats from London,
England.
Five Petley—Casting and trampoline act; fresh
from European successes.
Shorty Flemm—America's foremost rube-cop com-
edian.
Curtis Animal Circus—Dog and Pony act, and
“Dancer”—the toughest mule on earth.

AT 7:45 P.M.

H.M. Coldstream Guards Band.
Mammoth Historical Pageant, with cast of 600 and
choir of 200 people, commemorating the Coming-
of-age of Alberta and Edmonton. Sixteen episodes,
magnificent costumes and scenery, and beautiful
pantomime, dancing and drills.
Fireworks.

Midway Attractions in Full Swing on Monday

Johnny J. Jones Shows — "EVERYTHING NEW BUT THE NAME."

The Cleanest Shows on the Carnival Circuit.

New Rides Imported from England: No. 1

New Rides Imported from England; No objectionable freaks or monstrosities.

General Admission Charges at Outside Gates

Adults, 50c.
Children 8 to 15 years of age, 25c
Children under 8, when accompanied
by parents, free.
Season Tickets (adults) \$2.00.

VEHICLES
50c each admission of car, and 50c
for driver.
Private car and driver, Season
Tickets, \$4.00.
Drays etc. Season Tickets, \$5.00

**Admission Charges
to
Grand Stand**

Rush Seats, adults, 50c; children under 15 25c.
Reserved Seats, 75c; Box Seats, \$1.00
Reserved Seat Tickets on Sale in advance at Mike's News Agency daily commencing July 9th, from 9 a.m. to 5 p.m., and at the Grandstand each day of the Exhibition, commencing at 10 a.m.

**Old Timers' Ceremony
1:30 p. m. Monday**

One of the important parts of Monday's program will be the ceremonies at the Old Timers' Log Cabin, west of the Grand Stand, at which John A. McDougall will officiate. Immediately afterwards Mayor Blatchford will present to the association the original Bulletin building. The Old Timers will be out in full force, including not only those now residing in the city and district, but a large number who are visiting Edmonton again specially for the occasion. It will be a memorable gathering.

Don't Miss It on Monday Afternoon

New Course is Instituted At Vassar Ladies College

To Make Housekeeping Less Laborious and Marriage More Endurable

ASSOCIATED PRESS
PORTCHIEPPEL, N. Y., July 10.—For the purpose of making housekeeping less laborious and marriage more endurable, an Institute for the study of housekeeping has been opened today at Vassar College.

During the next month there will be a series of lectures and discussions on the subjects of housekeeping, the modern married pair, the latest scientific information about the personal hygiene of the married woman, children, and what goes on inside the home.

A great grandmother wanting to know "if anyone has any light on family history" will be among the three husbands, present but uncommunicative, at June graduation with her mother as roommate and 45 other women. The students will receive their voices internally upstairs during the course at the former home.

Since five years ago the oldest student, Mrs. Katherine Thompson, of New York, has had four great grandmothers—and still will have more.

FIREFIGHT KILLED

ST. JOHNSBURY, Vt., July 10.—While a northbound Canadian Pacific Railway train by two engines passed by without a stop at Sutton last night, it missed a fireman who was a wood, a fireman, was said to have died by drowning.

TREE-TOP STORIES

A FAIRY PICNIC

THE Cottonwood Fairies were having a big picnic in the Cottonwood Tree near Rockwood, and were swinging in swings and kicked their tiny toes in the wind. The damsels with their little arms around each other some of them ran around in people's gardens. "What a lot of fun they are having," said a woman passing by. Then she gathered a few in her hands gently . . . but let them go.

Later that evening she was having a picnic with the girls from a minor trip in the mountains.

Mrs. Arthur Archibald, who is spending a few weeks visiting friends in the Coast, will return home about the end of next week.

Social - Personal

Mr. and Mrs. J. A. Collins, of 188 Avenue, will be spending a week on the Coast, where they will spend the next few weeks visiting friends in Victoria, Vancouver and Victoria.

Mrs. James Smith entertained a few friends at tea at her residence, 1000 10th Street, on Saturday, in honor of Mrs. Charles Anderson, who returned recently from Europe, where she spent several months.

Mrs. Arthur Archibald, who is spending a few weeks visiting friends in the Coast, will return home about the end of next week.

Mr. Frank Mathews, who has been working in the Coast, will return home shortly.

Mrs. Gladys Doherty, of Victoria, is visiting friends in the Coast, where she will be the guest of Mr. and Mrs. George Archibald.

Mr. Jack Benson, who has been working in the Coast, will return home shortly. He will arrive home next week.

Mrs. Cassidy of Vancouver, is visiting friends in Edmonton.

Madame Couper left on Saturday morning for a week's vacation with her daughter and several weeks with her daughter-in-law, Alexander Woodward and Mr. Woodward.

Mrs. Walter Blackett left on Friday evening for Jasper Park.

Mrs. Buchanan of Lethbridge, is spending a week with her sister, Miss Margaret Buchanan, Renfrew, Lethbridge man.

Mr. Kenneth Bowman arrived from the Coast, where he has been spending a few weeks in the mountains.

Mrs. A. J. Patterson, of Vancouver, is in Edmonton visiting her daughter, Mrs. May Patterson, and her son, Mr. John Patterson, in their residence in 10th Avenue.

Miss Lillian and Miss Elinor Anderson, of Vancouver, are staying in town for a few days, and are guests at the V. W. C. A.

Mrs. Jacqueline Salvatore, of Jasper, is spending a week in the city, and is the guest of Mr. J. Salvatore, 1728 street.

Mr. and Mrs. S. Walker and family, of Jasper, left on Friday evening, leaving on Sunday by motor for a vacation at Banff and other southern points.

Mrs. Muriel and Miss Dorothy Edwards are leaving for the Coast, and will be spending a week in Jasper.

Miss Mildred, of Toronto, is visiting in the city.

Mrs. Estelle Morrison returned to the city on Friday after spending several weeks holiday in Coast cities.

Mrs. Marie and Mrs. Gerasinde Dufresne of Leduc, left on Wednesday evening.

Mrs. Bert Knowles, Miss Amy and her mother, Mrs. Bert Knowles, left for the Coast on Friday evening, for a week's holiday for the next two months.

Mr. and Mrs. Bert Knowles, and young son, accompanied her.

Mr. Edgar Marquis left on Saturday morning. He will go later to Montreal, where he is returning to the city in the fall.

Mr. W. A. Halliday, 113rd street, left on Friday evening for Jasper on Friday evening for a six-week vacation.

Mrs. Stanley G. Tobin and her mother, Mrs. Stanley G. Tobin, left on Friday evening for Jasper on Wednesday evening.

Mr. and Mrs. William E. Marr and wife are returning next week from their vacation in the Coast, where they have been holidaying.

Mr. Harvey Hobbs, of Toronto, who is the president of the Toronto Board of Trade, is spending the week-end with his wife, Mrs. Hobbs, and son, Mr. and Mrs. Bert Hobbs, at Kinsmen Inn.

Mrs. H. E. Emery and daughter, Mrs. E. E. Emery, are returning to the Coast on Friday night for the next month.

Dr. H. E. Hamilton, returning on Friday evening from a motor trip to Portland and other coast cities, is staying on Jasper night for the next month.

A SURE RELIEF FOR WOMEN'S DISORDERS

10 DAYS' TREATMENT FREE

Orange Lily is a certain relief for all disorders of women. It is applied locally to the skin, giving immediate relief and pleasant relief, the blood circulation is strengthened, and the circulation is based on strictly scientific principles. It is a safe, effective treatment of the disease. It cannot be over-emphasized that female troubles, including delayed falling of the womb, are often the result of a lack of treatment. Let for one month's treatment, a few days worth the will be an investment that will pay off.

Enclosed is sample and address. MRS. LILIA W. LADD, Dept. T, Winsor, Ont.

ECONOMY TEST PROVES EASY FOR STAR CAR

Canada to Mexico Drive
Discloses Unusually Low
Gasoline Consumption

Announced by newspaper men: his German police Reg. Julius Dusek, engineer of the Durand Motor Company, that he had just completed the nearing completion of one of the most unique gasoline tests in the history of American motoring.

Dusek, 35, of the city, is driving a standard six-cylinder Star tourer. He is now "somewhere" in California, having just completed the first leg of the trip, which will take him up the coast to Mexico. Starting from the east, he has been a participant in such an event, and the last at times taking his turn at the wheel. He has been accompanied by thousands of motorists along the Pacific coast.

Travel at Normal Speed

Starting at 8 a.m. from the Vancouver station, Dusek and his party, including Julius the boy mechanic, and the author, the last being General gasoline and Travel publications reporter, started the trip. Proceeding in the manner of the usual auto tour, the party maintained a medium speed, the party took a long rest after noon, and it was averaging better than thirty miles an hour. The car, which was built at Vancouver and Victoria, was a standard Star, and gasoline consumed amounted to one-half gallon per mile.

The car drove the car a good share of the time.

One class was kept on all of Dusek's sections by the observer, and the author, and the two drivers were recorded. The trip was made in a leisurely speed, each day covering 100 miles.

Arrived at Victoria, the party

spent the night in a hotel.

The next day was a long one.

Left Victoria at 8 a.m. and arrived at the "Big Bend" in the mountains, the easiest among these was the "Devil's Gate" in the Columbia River Gorge, where the road is built on a high bridge.

Arrived at the "Devil's Gate" at 12 noon.

However, the weather was bad.

KEEP THIS ANNOUNCEMENT FOR FUTURE REFERENCE

Invest in a basic Alberta Industry

THIS is the Age of Oil — an era of Industry in which Petroleum has forged to the front rank among natural resources — the prime ally of Industry. To suddenly shut off the supply for one day would seriously cripple the work of the world and lose millions of dollars.

Alberta has come into the spotlight as one of the world's greatest petroleum fields. At this moment we are on the very threshold of big production. Authorities agree that within a year we shall have taken our place as the very greatest petroleum area in existence.

One Alberta oil well alone is producing \$2,000,000 a year. . . . At the very door of Edmonton is the Wainwright field, only a part of the great oil area of the Province, the development of which is already under way.

AT PRESENT Canada pays to the United States about \$120,000,000 a year for petroleum and its products. Here in Alberta alone, with boundless potential oil supplies at our door, we pay millions annually for gasoline. High proportion of the sum is paid for refining and transportation charges from United States to Canada.

Eighty per cent of all the profits in oil, according to the report of the United States Investigating Committee which dissolved the Standard Oil Trusts was made by those who refined and marketed the oil.

It is obvious that even at our present stage of oil production in this Province a Refining and Distributing Company is an enterprise for which there is a splendid waiting opportunity.

IT WAS in answer to this opportunity that the Alberta Refineries Ltd., was organized and a refining plant installed. That the enterprise is justified is amply proved by the widespread and enthusiastic response of the consuming public when the product "PEP", a high-grade gasoline was put on the market. . . . Today the first plant capacity of 1,000 barrels of crude oil a day, is unable to cope with the demand. Another plant of 500 barrels capacity is projected and this will take care of not only the present output of the Wainwright field, but crude oil from other fields as well.

THE purpose and program of the present organization, "Refineries Distributors Ltd.", (shares of which are now offered to the public) is to market and distribute "PEP" products and to erect a "Cracking Plant" which will extract from the crude oil of the Wainwright field as high as 50% to 70% of gasoline. This is a highly important economic process at the present stage of crude oil production.

The immediate distributing program of Refineries Distributors Ltd., includes the erecting and maintaining of Service Stations for the marketing of "PEP" gasoline and "PEP" products.

The success of this organization is practically assured. The details in which the investor will be closely interested are given below.

Refineries Distributors Limited

Capitalization ~ \$1,000,000

90,000 Shares, Preferred, \$10 Par

100,000 " Common, \$1 ."

DIRECTORS:

JOHN L. MERCER, Edmonton, Alberta, President.
M. C. HAMMOND, Edmonton, Alberta.
J. C. C. BREMNER, Clover Bar, Alberta.

A. B. MACDONALD, Edmonton, Alberta.
W. A. TRIMBLE, Edmonton, Alberta, Secretary-Treasurer.
SWAN SWANSON, Edmonton, Alberta, Director.

Refineries Distributors Ltd. was organized with a Dominion Charter, capitalized at \$1,000,000, divided into 90,000 8% Preference Shares with a par value of \$10.00 each; and 100,000 Common Shares with a par value of \$1.00 each. Paid up capital is \$200,000.

The company was organized to market the "PEP" products of the Albert Refineries Ltd., and also to produce gasoline and other products from crude petroleum by means of cracking plant, this plant employing the Dubbs process, a great scientific and economic advance over the ordinary refining plant, extracting from 3 to 5 times as much gasoline from the crude oil.

The present issue for the purpose of carrying on the immediate program of the company, is 30,000 Preference Shares, of which 10,000 shares have already been sold. The Preference Shares are offered in units of 1 at par \$10.00, and each of these Preference shares carries a bonus of 1 Common Share.

The initial program of the company is to erect and maintain a number of Service Stations throughout the Province for the marketing of "PEP" gasoline and petroleum products, a profit of 3¢ per gallon clear of

freight being available from this source alone at the present market prices.

Also to erect a "Cracking Plant" at a cost of \$150,000. This will have a capacity of 1,000 bbls. of crude oil and will produce from this a minimum of 500 bbls. of anti-knock gasoline every twenty-four hours. At 35 gallons to the barrel, this shows a total output of 17,500 gallons a day.

Apart from the individual profit of the cracking plant unit working at capacity, the output marketed through the service stations shows a distributing profit of \$525.00 per day net. This alone will show a handsome dividend on a \$1,000,000.00 capitalization in addition to the 8% per annum on the preferred shares.

Detailed figures will show this enterprise to be one of the very highest potentiality for profit. We shall be pleased to send a digest of the situation, based upon actual conditions, to the earnest investor.

In the meantime the soundness of the proposition will appeal to the investor who realizes that these pioneer enterprises in industry based directly upon natural resources, reap the rich reward.

*A share in this Company
is a share in Alberta--*

"PEP" is the appropriate name given to the gasoline product of Alberta Refineries Limited, produced from the crude oil of the Wainwright field.

"PEP" has justified its name as a lively, volatile, anti-knock gasoline which motorists insist upon after once having used it. Today the present "PEP" plant is inadequate for the demand.

A second plant, however, is projected and when completed will at once relieve the demands and increase the profits of the company.

With the addition of the cracking plant unit planned by the Refineries Distributors Limited there will be a plant sufficient to expand in highly profitable proportion the distributing activities of this company.

+ Cracking Plant

The question which immediately arises in the lay mind, confronted with the proposition of the Cracking Plant, is: "What is there in crude petroleum, besides a natural residue, that can not be refined to gasoline by the ordinary reducing process?"

Upon a question of a similar nature, Gustav Egloff, then a research engineer of the Universal Oil Products company, Chicago, delivered before the oil section of the American Institute of Mining and Metallurgical Engineers, on February 15, 1926, an interesting lecture.

"One of the wonder oil fields of the United States is the smoke over Arkansas, which is still producing 180,000 barrels per day, of which 163,000 barrels (December 31, 1925) is heavy oil. This oil, of asphaltic characteristics, is not very satisfactory as a fuel oil due to its emulsified water, high sulphur content and other properties.

"The general inquiry when a new smack-over well was brought in is 'What will they do with it after they get it?'

"One leading oil man stated that smack-over heavy oil is not good for a refinery. Yet, despite these pessimistic statements, smack-over heavy oil is being commercially cracked into over 50% gasoline. Smack-over heavy crude oil, producing 180,000 barrels daily can be converted into 81,000 barrels of gasoline per day by the cracking process."

The results achieved from the Keween Sunburst Fuel Oil processess those which will be accomplished by the Cracking Plant in treating the crude oil from the Wainwright field, as the chemical, composition and gravity of the oils are almost identical.

"The Dubbs Process that it converts any type of oil without change of principles or equipment into gasoline. Commercial plants are in operation in under commercial production in various parts of the world, such as Japan, Brazil, Japan, and Dutch West Indies, Australia, Romania, and many parts of the United States."
